- 5. Incorporate Visuals:** We encourage you to use high-quality images provided in the kit to enhance your posts. For speaking engagements or events, it's often best to include photos from the event itself. If you use visuals from our kit, please note that the necessary photo credits are included in the kit for easy reference. We also understand that our visuals might not always fit the context, so feel free to select images that best represent the event while keeping the Foundation's branding in mind.
- 6. Maintain Professionalism:** Use clear language that aligns with a professional ethos. Avoid overly casual expressions.
